April 2013

**“Spring is Here”** Well ..... according to our calendars it’s Spring but we sure haven’t had a lot of warm weather yet. Last Sat. Don & I photographed wood ducks in High Park in Toronto in **SNOW, COLD, WIND, SUN & CLOUD.** We had it all. What photographers will do to get a good shot! It is a good spot to go though. They come into the park’s ponds to find a mate before nesting. There were about eight or nine pairs. Very photogenic!!!  
Hope you have found subjects to photograph this spring.

## Upcoming Meetings

- April 24<sup>th</sup>** Tonight we welcome Gilles Bisson who will share his photos with us. Thanks Gilles.
- May 29<sup>th</sup>** Mike Bons is our speaker for this evening. He is talking about “Photographing Hummingbirds.”
- June 26<sup>th</sup>** Get your pictures ready. The evening is set aside for as many presentations as possible. Don’t necessarily have to stick to the 6 minute limit tonight.

## Upcoming Outings

- May 4<sup>th</sup>** to Pt. Petre to photograph wildflowers.  
Meeting at the Zwicks Is parking lot at 9 a.m. if you are coming from Belleville way or meet us at Pt. Petre if in the Picton area. Because weather has been so cold we are hoping flowers will be in blossom. We’ll just have to wait & see.
- June 15<sup>th</sup>** to Stoco Fen to photograph Showy Lady’s Slippers. Mark this date on your calendars. Details for meeting & directions to follow.
- Sept.27<sup>th</sup>, 28<sup>th</sup>, 29<sup>th</sup>** Our annual **Algonquin Park Weekend. Note Change in Dates.**  
We have been going on the weekend just before Thanksgiving for several years now. This year Thanksgiving is really late & we thought colours would be better a week earlier. So hopefully we have made the right decision. Hope you can fit this into your calendars.

**DUES ARE DUE** \$20.00 single membership, \$30.00 a couple due in April each year.

If you can’t get out to a meeting you can always send it to me.  
Make cheques payable to **Photo-Nat Photography Club**
